Editorial Notes

Hello Readers!

Namaskar! It is my pleasure to introduce this handbook to assist students and their parents to select one of the most graceful careers at the most appropriate institution. We have kept the courses mostly in alphabetic order available with various states, in particular institutions. The edition of the book especially aims to cover all major undergraduate degree courses of Law, available at 23 NLUs and various other institutions and its campuses covered through the admission channel of CLAT / BLAT / SLAT / AILAT / MSU Law Entrance and the IPMAT for the admission into integrated BA+MBA degree from IIM Indore / Rohtak.

There are a few institutions that accept one of the multiple law entrance tests and they are shown for all the examinations that they accept for admission. For example Vinayaka Missions Law, Kanchipuram accepts the score of either CLAT or AILAT, hence its name will be reflected in both examinations with different cut off scores for the same course.

The list of NLUs (National Law Universities) and the cut off marks in the respective courses in each NLU is given separately.

We have also mentioned the fees of various institutions as per the sources available, however they are liable to updated with time and final fees may be confirmed

The edition of the booklet is based on the information available on the site of various institutions for various years. Even though there is a negligible chance of error for any information provided here, I request the reader to verify the information with the appropriate authorities and exempt us from any form of litigation.

This is the maiden edition of the booklet, please go through our other publications at www.njcf.in and suggest the changes you would like to see in the next edition of the booklet.

Feel free to contact me at ranjeet.dutta@njgroup.in if you have any questions regarding the information or clarity on any information provided in the booklet. I am certain to help you to take the right step on your career ladder !

Thank you.

Founder's Pen

Namaskar !

The team of NJCF over a period of last 10 years have dealt with more than 250 students and based on the experience we realised that the students don't have ideas related to various undergraduate courses/programmes. There are wide choices of careers and courses available however only a few of them are known due to which these students only take admission into conventional courses and get an average career path. Therefore to aid the following :

- Career Options - Choice of courses
- Competitive Exams through which one get entrance to good colleges
- Career prospects for each course
- Cutoffs for getting admission in a college

We are glad to launch the first series of **COLLEGE PREDICTOR COMPENDIUM**, for the purpose of helping students to get an idea of the varied options of courses and colleges and it will also serve as a **COLLEGE PREDICTOR** tool based on the scores in the competitive exam.

I am glad that the first **Law and Management Course Compendium** is launched where the list of institutions accepting the **CLAT/AILET/BLAT/SLAT/MSU Law Entrance Examination/IPMAT** score with available cut offs will help as a tool to students who have appeared for the entrance examination in the academic year 22-23.

The **COLLEGE PREDICTOR COMPENDIUM** is not only restricted to Law and Management but also published for **JEE, GUJCET and NATA** colleges. It will cover **NEET** (Medical Entrance), **Course in Sciences for Institute of National Importance** and various other programs.

This compendium would be an **Annual Publication** and help students to get aware not only about the colleges but also about the various courses in which a career could be pursued.

There will also be an **ADVANCED SEARCH** available on the **NJCF Application** through which a student can get an idea of various options available to select as a career prior to taking the competitive exam and shall also get an idea of the college in which the student can get admission after taking the competitive exam.

I am sure that this initiative of NJCF will go a long way in helping the STUDENTS to take the RIGHT academic path for a bright future.

Warm regards

- **Courses related to Law**

The prosperity of a nation is dependent on its stable law and order. Law is the field that involves the study of social needs. Although there is a specialised course in institutions that is dedicated to various subjects such as criminology, business laws, corporate law, and one can opt for legal studies even after doing post doctoral program in some other field, but one has to start his legal studies right from LLB course. However, there is a combination of bachelors degree coursework available to acquire the bachelor's degree in the stream of interest along with the legal studies.

We get the philosophy of “Satyameva Jayate” right from our childhood, but the framework of establishing the truth and justice is given by laureates of legal studies. Indian lawyers have great respect on the international forum. Lawyers are professionals who may work as a freelancer. Given below are the courses discussed in the booklet :
