

2023

CONSORTIUM OF COURSES

NATA - Architecture

**CHARITABLE
FOUNDATION**

AN INITIATIVE TO CREATE A COMMUNITY OF 'RISHEY'

PREFACE

Namaskar !

With an overwhelming response on the College Predictor Compendium on JoSAA/JEE - Engineering and GUJCET - Engineering, NJ Charitable Foundation is happy to present the College Predictor Compendium for NATA to get an admission for the various degree and diploma courses in Architecture. Architecture is a professional course that has a direct relationship with the history of this globe.

Right from the era of designing a tool out of a stone to hunt a prey or to the era of designing a spaceship, it is an Architect who solves the problem of necessity. This booklet covers the major examination related to the field of architecture - NATA, for the admission in various institutions across the nation and the major courses on diploma available at Gujarat which is filled through the ACPDC (Admission Committee for Professional Diploma Courses), Gujarat. The courses are mentioned as available in each of the states of India in an alphabetic order. For any further information, please feel free to contact Ranjeet Dutta on ranjeet.dutta@njgroup.in.

With warmest regards,

Ranjeet Dutta

Manager,

NJ Charitable Foundation

Editorial Notes

Hello Readers!

Namaskar! It is my pleasure to introduce this handbook to assist students and their parents to select the most suitable career at the most appropriate institution. We have kept the courses mostly in alphabetic order, The edition of the book especially aims to cover all major courses of architecture, available at 412 various institutions and its campuses covered through the admission channel of NATA (National Aptitude Test in Architecture).

Please note that the institutions like IITs and NITs enroll students for the courses of B.Arch. by their assessment process through Architecture Aptitude Test (AAT) after JEE (Mains B) and the courses have been mentioned in the “College Predictor Compendium” JoSAA /JEE - Engineering edition. Please refer to the booklet.

The edition of the booklet is based on the information available on the site of various institutions for various years. Even though there is a negligible chance of error for any information provided here, I request the reader to verify the information with the appropriate authorities and exempt us from any form of litigation.

This is the maiden edition of the booklet, please go through our other publications at www.njcf.in and suggest the changes you would like to see in the next edition of the booklet.

Feel free to contact me at ranjeet.dutta@njgroup.in if you have any questions regarding the information or clarity on any information provided in the booklet. I am certain to help you to take the right step on your career ladder !

Thank you.

Regards,

Ranjeet Dutta

Founder's Pen

Namaskar !

The team of NJCF over a period of last 10 years have dealt with more than 250 students and based on the experience we realised that the students don't have ideas related to various undergraduate courses/programmes. There are wide choices of careers and courses available however only a few of them are known due to which these students only take admission into conventional courses and get an average career path. Therefore to aid the following :

- Career Options - Choice of courses
- Competitive Exams through which one get entrance to good colleges
- Career prospects for each course
- Cutoffs for getting admission in a college

We are glad to launch the first series of **COLLEGE PREDICTOR COMPENDIUM**, for the purpose of helping students to get an idea of the varied options of courses and colleges and it will also serve as a **COLLEGE PREDICTOR** tool based on the scores in the competitive exam.

I am glad that the first **NATA COURSE COMPENDIUM** is launched where the list of institutions accepting the NATA score with available cut offs will help as a tool to students who have appeared for **NATA** in the academic year 22-23.

The **COLLEGE PREDICTOR COMPENDIUM** is not only restricted to NATA or Architecture but also published for **JEE** and **GUJCET** colleges. It will cover **Law and Management programs** (CLAT, NLAT and other), **NEET** (Medical Entrance), **Course in Sciences for Institute of National Importance** and various other programs.

This compendium would be an **Annual Publication** and help students to get aware not only about the colleges but also about the various courses in which a career could be pursued.

There will also be an **ADVANCED SEARCH** available on the **NJCF Application** through which a student can get an idea of various options available to select as a career prior to taking the competitive exam and shall also get an idea of the college in which the student can get admission after taking the competitive exam.

I am sure that this initiative of NJCF will go a long way in helping the STUDENTS to take the RIGHT academic path for a bright future.

Warm regards

Neeraj Choksi

Director,

NJ Charitable Foundation

Acknowledgement

First and foremost I express my sincere gratitude to Mr. Neeraj R. Choksi and Mr. Jignesh R. Desai for encouraging the series - "College Predictor Compendium" on their noble foundation NJ Charitable Foundation. I extend my gratitude to Ms. Nima Deokar, Head of NJCF for her constant support and feeds in the development of the booklet.

The main ingredient of the booklet is the information and that would have been incomplete without the data made public by the Council of Architecture. My heartfelt thanks to the entire team of the Council of Architecture for conducting NATA and sharing information. I heartily thank all information providers for helping me to compile data of NATA and all participating institutions for accepting NATA scores in order to admit a candidate in the Bachelor of Architecture course. I heartily thank the Government of Gujarat and Admission Committee for Professional Diploma Courses (ACPDC) for providing the list of institutions facilitating various diploma courses in architecture.

My special thanks to Mr. Vikas Bhagwagar for putting his enormous efforts in compilation of the data with adequate research.

Further, I extend my vote of thanks to the entire team of NJ Group for conceding their valuable time as and when required.

Finally I would like to thank all readers for selecting and promoting this series in order to induce learners with the horizon of learning.

Happy Reading.

Ranjeet Dutta

JEE and AAT

Joint Entrance Examination is considered to be the most prestigious gateway for technical and professional courses in India. JEE (Mains B) conducted by National Testing Agency (NTA) opens up opportunities of admissions in various IITs and NITs and the same is discussed in our booklet “College Predictor Compendium” JoSAA /JEE - Engineering edition. Please refer to the booklet.

NATA (National Aptitude Test in Architecture)

NATA is an aptitude test that assesses a candidate’s innate ability through a variety of testing formats and cannot be taught, learnt or induced. NATA measures the aptitude of the applicant for specific field of study i.e. Architecture, through assessment of cognitive skills, visual perception and aesthetic sensitivity tests, logical reasoning and critical thinking ability, etc., besides the learning that the candidate has acquired over the past few years and is related to the specific field of study.

NATA 2023 Expected CUTOFF

The NATA cutoff 2023 is the lowest possible score that applications must get in order to pass the test. The exam’s cut-off will be determined by the CoA. Candidates must first get the necessary marks in order to be admitted to B.Arch programmes.

Following that, candidates must achieve the cut-off marks established by the colleges for admission. A lot of factors impact the NATA cut-off. The following are some of the major aspects that influence the NATA qualification criteria:

- The total number of people that have applied for NATA 2023
- The number of seats in the institutes that are available
- The paper’s difficulty level Previous year’s NATA cut-off trends

NATA Expected Cutoff 2023

NATA Subjects	Qualifying Marks	Maximum Marks
Mathematics	30	120
Drawing	20	80
Aggregate	70	200

● Courses related to Architecture

The prosperity of a nation is indicated by its visible infrastructure. Architecture is a science that involves the study of designing and building. Although there is a specialised course in institutions that is dedicated to Planning and Designing, we shall discuss that in a later phase of the booklet. The history of architecture is very old and rich, we get evidence of several works of Architecture like Yatu-Gruha and Indraprastha from the scriptures of Mahabharat, Adam's Bridge or Ram Setu, Pushpak Viman from Ramayan. Indian architects have a great demand on the international market. Architects are professionals who may work as a freelancer. Given below are the courses discussed in the booklet :

Bachelor of Architecture (B.Arch. 5 years program)

B.Arch. is an undergraduate program that exposes students to various facets of the field of Architecture. This course is of 5 years duration unlike any other undergraduate technical courses which are generally of 4 years.

B.Arch. is the most popular course of Architecture and its gateway is opened up by qualifying NATA. M.Arch. (Master of Architecture) is the post graduate degree course and that includes a specialisation in particular domain of Architecture and it demands the degree of B.Arch. or Post Graduate Diploma in Architecture.

Diploma in Architecture (D.Arch. 3 years program)

D.Arch. is a course which can be opted after completion of secondary education from a recognised board of education in India. Its admission is opened up by qualifying the Merit List prepared by the Admission Committee for Professional Diploma Courses (ACPDC) of various State Governments of India. This is not covered under NATA, however a person with 50% marks in Diploma may be considered to pursue his Degree of B.Arch.

Various Diploma courses has been discussed under the State of Gujarat. Please refer to these courses.

Given below is the number of institutions available in the year of 2023 for admission in D.Arch. program in Gujarat and B.Arch. program nationwide :

TYPE OF INSTITUTION	NUMBER OF INSTITUTIONS	NUMBER OF UNIQUE COURSES OFFERED
GOVT.	37	5
PRIVATE	375	8
GRAND TOTAL	412	13

List of Institution in the short form for the type of Government and Private is following. The full names are mentioned in the **Annexure A** at the end of this Booklet which is arranged in an alphabetical order.

COURSE : DIPLOMA IN ARCHITECTURAL ASSISTANTSHIP

The Diploma in Architectural Assistantship programme was created with the fundamentals of civil engineering, architecture and interior design in mind. An architectural assistant is a position for an architectural practitioner who is just starting in the field. His responsibilities include providing basic support to the project's lead architect and other members of the architectural team. Programs are similar in nature but have different nomenclature from institution to institution as per the credit system of assessment. Given below are the details of institutions offering diploma courses in architecture.
