## PREFACE

Namaskar !

NJ Charitable Foundation is happy to present the College Predictor Compendium for NEET UG (National Eligibility cum Entrance Test for Undergraduates) that includes information about admissions in MBBS and BDS in 471 institutions across the nation.

We have incorporated all admission data for the NEET\_UG conducted by National Testing Agency (NTA) to get admission in various government and private institutions available in various states or union territories of India. List of all 20 AIIMS (All India Institution of Medical Sciences) has been dealt separately. Further we have kept the data with a merit list cut off in each state for each of the two courses in an alphabetic order for respective colleges /institutions The basis of the data is of the NEET 2022 admissions and obtained from a very reliable and authentic source. For any further information, please feel free to contact Ranjeet Dutta on [ranjeet.dutta@njgroup.in](mailto:ranjeet.dutta@njgroup.in).

With warmest regards

## Editorial Notes

Hello Readers!

Namaskar! It is my pleasure to introduce this handbook to assist students and their parents to select one of the most prestigious professional careers at the most appropriate institution. We have kept the details for each course available with various institutions in each of the states or union territories listed in an alphabetic order. The edition of the book especially aims to cover all major 393 Government Institutions and 90 other private institutions for the admission channel of the NEET.

The list of all 20 AIIMS-s and the cut off rank in the MBBS courses is given separately.

For the very first time, we have included the cut off ranks for EWS, OBC, SC and ST quota too along with the general category cut offs. We have shown the paid seat / NRI quota admissions separately. We have not included the admissions in Physically Handicapped quota, however that may be furnished to the person on special enquiry.

We have also mentioned the fees of various private institutions as per the sources available, however they are liable to get updated with time and final fees may be confirmed with the actual college.

**The edition of the booklet is based on the information available on the MCI (Medical Council of India) publication of various institutions for the year of 2022. While we have taken due care in compiling the data there could be a chance of error for any information provided here, I request the reader to verify the information with the appropriate authorities and exempt us from any form of litigation.**

This is the maiden edition of the booklet, please go through our other publications at [www.njcf.in](http://www.njcf.in) and suggest the changes you would like to see in the next annual edition of the booklet.

Feel free to contact me at [ranjeet.dutta@njgroup.in](mailto:ranjeet.dutta@njgroup.in) if you have any questions regarding the information or clarity on any information provided in the booklet. I am certain to help you to take the right step on your career ladder !

Thank you.

## Founder's Pen

Namaskar !

**The team of NJCF** over a period of last 10 years have dealt with more than 250 students and based on the experience we realised that the students don't have ideas related to various undergraduate courses/programmes. There are wide choices of careers and courses available however only a few of them are known due to which these students only take admission into conventional courses and get an average career path. Therefore to aid the following :

- Career Options - Choice of courses
- Competitive Exams through which one get entrance to good colleges
- Career prospects for each course
- Cutoffs for getting admission in a college

We are glad to launch the first series of **COLLEGE PREDICTOR COMPENDIUM**, for the purpose of helping students to get an idea of the varied options of courses and colleges and it will also serve as a **COLLEGE PREDICTOR** tool based on the scores in the competitive exam.

I am glad that the first **Medical Course Compendium** is launched where the list of institutions accepting the **NEET UG** score with available cut offs will help as a tool to students who have appeared for the entrance examination in the academic year 22-23.

The **COLLEGE PREDICTOR COMPENDIUM** is not only restricted to Medical Sciences but also published for **JEE, GUJCET , NATA** and various **Law & Management entrance examinations** . It will cover **courses in Advanced Sciences for Institute of National Importance** and various other programs.

This compendium would be an **Annual Publication** and help students to get aware not only about the colleges but also about the various courses in which a career could be pursued.

There also exists an **ADVANCED SEARCH** option available on the **NJCF Application** through which a student can get an idea of various options available to select a career prior to taking the competitive exam and shall also get an idea of the college in which the student can get admission after taking the competitive exam.

I am sure that this initiative of NJCF will go a long way in helping the STUDENTS to take the RIGHT academic path for a bright future.

Warm regards

Neeraj Choksi

## **NEET (National Eligibility cum Entrance Test)**

**NEET** is an entrance test conducted by NTA (National Testing Agency) for getting admission in courses related to the Medical and Healthcare Sciences. There are two levels of examination , viz. - NEET UG (for Undergraduate Programs of MBBS, BDS or B.Sc. Nursing) and NEET PG (for Postgraduate Programs like MD or MS in particular field of specialisation). Every year the entrance examination is conducted around the month of May, across the nation.

### **List of Courses :**

In this booklet we have provided information related to the following courses that can be opted after clearing NEET UG, viz. -

- MBBS
- BDS

#### **MBBS**

MBBS or Bachelor of Medicine and Bachelor of Surgery is a very prolonged study that requires a huge amount of patience and ability. Being a medical professional is one of the bravest and most humble occupations. MBBS curriculum describes different medicine and human anatomy and is able to educate the participants on how to test and cure specific diseases. MBBS degrees cover various medical specialties to allow the learners to develop an in-depth understanding of the area of interest. Duration of the course is

#### **BDS**

BDS (Bachelor of Dental Surgery) is the undergraduate degree programme in the dental field. After MBBS, BDS is one of the most sought-after courses. The course lasts five years, including one year of internship. In India, BDS is governed by the Dental Council of India, and all dentists must register to practise after completing their studies. Dentures, dental problems, and surgery are all included in the BDS curriculum. The duration of the curriculum is five years.

### AIIMS (All India Institute of Medical Sciences)

All AIIMS have been recognised as Institution of National Importance and each of them is considered as one of the most prestigious places of study.

The list of 20 AIIMS with the opening and closing ranks (AIR) for open category is listed below, however closing rank has a huge variance because of recommended admissions and the same can be verified with the respective institutions :

| INSTITUTE NAME           | LOCATION      | TYPE  | GENERAL   |            | EW        |            | OBC       |            | SC        |            | ST        |            |
